

The event will focus on progress since Paris to better address climate related displacement. This includes:

- Work under the UNFCCC, including the WIM Task Force on Displacement and its recommendations to be adopted at COP24
- From global commitments to action on the ground
- Synergies with other policy processes outside UNFCCC
- Update on data and new research related to human mobility

With presentations from the Governments of Bangladesh, Ethiopia, Australia (TBC), NRC/IDMC, Wetlands Internationals, the Platform on Disaster Displacement, UNHCR, IOM and Changemakers.

Side Event at COP 24 in Katowice, Poland

DISPLACEMENT, HUMAN MOBILITY AND CLIMATE CHANGE: FROM RECOGNITION TO ACTION

Tuesday, 4 December 2018
