

Human Mobility and Regular Migration Pathways in Changing Climate – Regional Workshop

SAVE THE DATE:

15-16. March 2023

Nairobi

DAY 1 – Policy coherence and human mobility, disasters and climate change

DAY 2- Whole-of-society approach and engagement of local and mobile populations in sustainable development –in the context of disasters and climate change

To enhance dialogue, establish synergies and partnerships among stakeholders addressing challenges and opportunities facilitating regular migration pathways, promoting sustainable development and green economy in the context of disasters, environmental degradation and climate change in the IGAD region

& in preparation for IGAD Regional Consultative Process (RCP) on migration focusing on the Human Mobility and Climate Change nexus in mid 2023.

The Inter-Governmental Authority on Development (IGAD) Region regularly faces a wide range of natural hazards, such as severe drought, floods, landslides and cyclones leading to displacement and other forms of human mobility.

This workshop is organized as part of the Joint Programme that seeks to facilitate pathways for regular migration and minimizing displacement risk in the context of climate change, environmental degradation and disasters in line with the vision and guiding principles of the Global Compact for Safe, Orderly and Regular Migration (GCM).
